NEW MASTER RANKS

The two new master ranks have been ratified by the ABF Management Committee, and just in time too!

The new ranks are:

Emerald Grand Master: 10,000

With at least 3,000 gold, and 8,500 red & gold masterpoints.

Diamond Grand Master: 15,000

With at least 5,000 gold, and 13,000 red & gold masterpoints.

Note: 40% of red points earned prior to 1982 will be counted as additional gold points for these two new ranks.

In this update Bob Richman has just achieved 10,000 masterpoints, and is Australia's first ever Emerald Grand Master. Congratulations Bobby!!

NATIONAL.TXT

With the introduction of the two new master ranks, there has been a change to the structure of the national.txt file. The

space for the surname has been decreased by one character, shifting the first name field to the left by one character. The total masterpoints column has been increased by one character, to cater for the 10,000+ numbers. The remaining fields are unchanged.

NAT4WIN.EXE

There has been a change to the Nat4Win program, so make sure you update your copy when you download the national.exe self extracting archive file, which contains the latest version 7.00.01. Alternatively, you can download the latest version from:

www.bawa.asn.au/pd/nat4win.zip

THANKS

I would like to thank Ian McKinnon, Nigel Dutton and Pauline Gumby for all their work in updating the various systems to cater for the two new master ranks. THANK YOU!! :)

IMPORTANT DEADLINE

The number of B4c red point session entitlements for 2010 is determined by the number of green points issued by your club during the 4 quarters ending September 2009.

It is therefore in your best interest to ensure that the Centre receives all outstanding masterpoints before the deadline.
