PAYMENT MATTERS

At the start of covid-19 there were 10 clubs that were in credit, some having been for some time. Despite several reminders to clubs that have previously overpaid and therefore have a credit amount, they still seem to ignore that credit amount and pay the full invoiced amount, thereby leaving them still in credit.

Over the last few months we have managed to get this down to only 2 clubs—1 has chosen to leave the credit amount, whilst the other club simply will not respond to our enquiries.

Some clubs are short paying an invoice, others are overpaying invoices, paying random amounts never invoiced to a club or simply paying the same invoice(s) twice!

The Centre commonly issues two types of financial documents. One is a *Statement* and other is an *Invoice*.

Invoices: There are two types of invoices the Centre issues. There is the quarterly invoice, that is issued at the end of each quarter, which has been little impacted by covid-19. This invoice will contain all the charges for your club green and red point batches that you have uploaded during the quarter, as well as any chargeable player movements you have performed during the quarter. Due to the cessation of F2F bridge for a lot of clubs, these quarterly invoices are probably far smaller than prior years.

The other common invoice is the one for masterpoints for your Holiday/Cruise, Congress, State or National tournaments, including any GNOT events held. These invoices are issued on an ad hoc basis, depending on when the masterpoints for the event are uploaded to the Centre. Again, these have been far fewer due to covid-19 and the events just not being held.

When you receive either of these types of invoices, you have 90 days to make full payment.

Statements: Statements are issued at the same time as your quarterly invoices, that is, at the end of every quarter.

Statements are not a request for payment. A statement is simply a report showing your opening balance at the start of the quarter, plus all invoices issued during the quarter, as well as all payments received during the quarter, and your closing quarterly balance.

What several clubs seem to be doing is making payments based on these Statements. That's fine, providing you don't ALSO pay the invoice (s) that were separately issued, which 1 club appears to have done, thereby giving themselves a credit amount.

Best to just pay the invoices issued.

The only time you might need to refer to the Statement for the total amount owing is when you have either short paid or over paid your previous invoices.

If that is the case, then the total amount owing will not be the total of your latest invoice. You will need to add any short payment, or deduct any credit amount (due to overpayment) prior to paying the latest invoice.

2021 FEES & CHARGES

Despite the Management Committee holding a meeting on the last Friday in October, the Centre still has not been notified of their intentions for the 2021 fees and charges.

Best to assume there will be no changes, and the Centre will notify you when the Management Committee notify us if anything is different.
