RECENT SYSTEM OUTAGE

We were notified at 5:10am on Sunday 20th July that our service providers had to perform urgent maintenance on the shared server that hosts our system. That this maintenance was essential to ensure the continued performance of our system.

They were able to restore the system for us about 5pm Wednesday 23rd July from our nightly backup taken on Saturday morning at 2am.

Unfortunately any actions you might have taken between Saturday 2am and Sunday 5am have been lost.

* If you made any changes to club details or player details you will need to redo those transactions

* If you uploaded any batches you will need to resubmit those awards

* If you added a new player to the system you will need to re-add them again. In this instance the ABF number you will receive for them will most likely be different to the original ABF number you

created for them.

In the backup used to restore our system the last batch ID uploaded was ID#155676 and the last ABF number issued was 1237314. If you have any ABF numbers issued and/or uploaded any batch ID's subsequent to these numbers you will need to redo your work. This does not apply to any actions taken since 5pm on 23rd July when the system was restored.

Sorry for any additional work this has caused you and for the inconvenience, but it was beyond our control.
