EMAIL ISSUES

When we use our internal dedicated application that manages the Masterpoint database to send our emails to clubs (e.g. the monthly emails sent after the update is run) it appears some clubs do not always receive our emails, especially if you have a gmail account.

This issue will not be resolved until the current application is migrated into the MyABF world. So until that time clubs with a gmail account that do not receive our emails will need to log on to our website on a regular basis, especially if you are expecting a report or invoice, to see if we have sent you anything.

Immediately after logging on you will be shown if your club owes the Centre any money. There are links provided for you to see more details if there is an outstanding amount owing.

You can also view/download any documents we have emailed your club via the online option **Show Club Documents**.

Remember, every document we email a club is also uploaded to our website at the same time. So clubs do not have to wait until the end of the quarter when we mail you your quarterly Statements, but you can simply log on to our website and see if there are any unpaid amounts owing and you can view/download any invoices that we have already emailed to your club directly from our website.

DATA CLEANSING

Thanks to all the clubs that we have contacted already in regards to cleansing our data before migrating to the MyABF system for their assistance in this matter.

There is still more work to be done so thank you again for any help you can give us when we contact your club for further assistance with this work.
